

RICHARD LOZANO MORALES

FLUTTER DEVELOPER | FULL-STACK DEVELOPER

Colombia | richardoficial2020@gmail | Phone: +573022470728 | [LinkedIn Profile](#)

Developer specialized in Flutter, with more than 3 years of experience in scalable mobile apps and 1 year in full-stack web development. I focus on writing clean and tested code, building reusable interfaces and collaborating with multidisciplinary teams under a mindset of continuous improvement

KEY ACHIEVEMENTS

- Meeting Deadlines:** Delivered tasks 20% faster than established deadlines, helping maintain project momentum without compromising quality.
- Component Reusability:** Developed reusable Flutter components that reduced development time by 25%, enabling faster iteration and improving overall team productivity.

TECHNICAL SKILLS

- Frameworks & Lenguajes:** Flutter, Dart, React, JavaScript, TypeScript
- State Management:** GetX, Riverpod, Provider, BLoC, Context API, Redux
- Architectures:** Clean Architecture, Hexagonal, MVC, MVVM
- Integrations:** REST APIs, GraphQL, Firebase
- UI/UX & Estilos:** Atomic Design, CSS, SASS, Tailwind CSS, Mobile First, responsive design
- Testing:** flutter_test, Mockito, Jest, React Testing Library
- DevOps & Deploy:** CI/CD, App Store, Play Store, Vercel, Netlify
- Backend & Databases:** Node.js, Express.js, MongoDB, PostgreSQL, MySQL

AREAS OF EXPERTISE

- Frontend Development with React.js, TypeScript, and SASS
- Cross-Platform Mobile Development with Flutter
- Backend Development with Node.js, and Express.js
- Clean Code, Modular Architecture, and Reusability
- Responsive UI Design and Component Architecture
- Git Version Control and CI/CD Pipelines and Agile Team Collaboration

PROFESSIONAL EXPERIENCE

Front-End Developer

Betterfly

Sep 2024 - Mar 2025

- Development of reusable components with React TSX based on the Design System.
- Implementation of responsive interfaces adapted to multiple devices.
- Create and maintain unit tests with Jest and React Testing Library.
- Refactoring existing pages to improve performance and accessibility.
- Integration of custom events using Google Tag Manager (GTM).

Flutter developer**May 2024 - Sep 2024**

Betterfly

- Development of modular UI components in Flutter following Atomic Design principles.
- Implementation of unit and integration tests using flutter_test and mockito.
- Maintenance of existing components and continuous improvement based on feedback from internal teams.
- Collaborative work with designers, product managers and developers to align the DS with the objectives of the product.
- Component documentation and user guides for other development teams.

Flutter Developer**Feb 2023 - April 2023**

Betterfly

- Implemented Clean Architecture with state management using BLoC, achieving a scalable and maintainable structure.
- Developed reusable and adaptable interfaces for web and mobile, prioritizing performance and usability.
- Applied a mobile-first design approach to ensure a consistent user experience across all devices.
- Designed and maintained unit tests to validate components and main flows, improving overall system stability.

Flutter Developer**Jun 2022 - Jun 2024**

GoodCommerce

- Led the end-to-end development of a Flutter mobile app using MVC principles, ensuring clean code structure and maintainability.
- Integrated external services with GraphQL and implemented reactive state management with GetX for efficient and scalable data handling.
- Optimized performance, resolved critical bugs, and managed the entire deployment process to Google Play and App Store, including configuration, signing, and compliance.

Flutter Developer**Nov 2021 - May 2022**

A&T Design

- Adjust and optimize product filters to improve the search experience.
- Integrate and configure push notifications using Firebase.
- Refactoring and updating code to ensure compatibility with then-current versions of Flutter
- Troubleshooting errors and issues in communication with REST APIs.

EDUCATION & CERTIFICATES

Programming and Software Development Technician**2019 - 2021**

Elyon-Yireh, Cartagena de Indias

React PRO: Take Your Foundations to the Next Level**August 10, 2024**

Udemy course

Advanced Flutter: Take Your Knowledge to the Next Level**April 21, 2022**

Udemy course

Flutter: Your Complete Development Guide for iOS and Android**February 13, 2021**

Udemy course

Intermediate Flutter: Professional Designs and Animations**January 1, 2022**
